A Woolly Mammoth Production
for
EverLand Entertainment

Producer: Jeff Parker

It's not always easy for kids to cooperate. All right, so at times it's no walk in the park for adults either. But frequently all we need is a gentle reminder of the peace and harmony a little thoughtful consideration can bring. It may even reduce some of the noise and confusion in your jungle.

WOOLLY
MAMMOTH

In some ways, people should never grow up. Jesus told His followers to become like little kids ... which suits us just fine. So if we can get you and yours humming a melody, tapping toes — maybe even giggling on the floor, we'll have done a big part of our job. And if, through our efforts, children big and small grow to love their Heavenly Father more, well ... that's why we're here.

**—From the parents at
Everland Entertainment**

Together *by Mike Milligan*

Skipping a rope, flying our kites
Gazing at the stars on starry nights
Riding bikes and taking long hikes
We really like to do things together

Singing our songs, climbing the trees
Nik-a-nak-a-paddy-wakkin'
On our knees
Playing ball and chasing the breeze
We really like to do things together

chorus:
Bop a do da together
In harmony
Bop a do da together
That's the way it should be

Swimming the lake, running a race
Hiding in a hiding place
Playing like we're from outer space
We really like to do things together

chorus

Learning new games, climbing a rope
Blowing bubbles out of soap
Peeping through our new telescope
We really like to do things together
Together!

In Harmony *by Mike Milligan*

Everyone in this whole world
Is great in his own way
Every person has a part
That only he can play
But when we join together
Like the good Lord wants us to
There's nothing better
Anyone alone could ever do

chorus:
So keep singing together in harmony
Playing together in harmony
Working together in harmony
Living together in harmony

Cooperation helps a winning team
To win a game.
And working side-by-side
An airplane crew can fly a plane
Teamwork helps the tiny ant
Move a giant hill
Cooperating helps us all be
winners
If we will

chorus

Together me and you
Together you and me
When we join together
We'll be the best that we can be

chorus
chorus
Harmony, harmony, harmony, harmony

Talkin' 'Bout Us *by J. Miller*

We're gonna be
The big cats around
We're gonna be
The big news in town
We're gonna be

The big news in town
Craziest cats with the
Jumpin' est sound
All right, all right

We're gonna be
In the big time now
We're gonna show
Everybody how
We're gonna show
Everybody how
We're gonna stand up
And take a bow
All right, all right

chorus:
Talkin' 'bout us (us, us)
Nobody but us (us, us)
Don't mean to make a fuss
But you know we mus'
When you discuss us us us us

We're gonna go
Out on our own
We'll get a gig
At the Hippodrome
(At the Hippodrome)
We'll get a gig
At the Hippodrome
We're gonna jam 'til
The cows come home
All right, all right

chorus

We're gonna be
Where the spotlight shines
We're gonna leave
This old place behind
We're gonna be
Where the spotlight shines
People everywhere
Gonna wait in line
All right, all right

Cooperation *by J. Miller*

Now listen up, here, children
Won't you listen to me
We've got to get together in
harmony

Singing different notes
In the very same key
At the very same time
Now that wouldn't be

Cooperation, harmonization
Organization
In my estimation, it's a
revelation
Inspiration is the creation
Of collaboration
We'll have a celebration
With cooperation

Don't want to be alarming
But you should be aware
When we're going all directions
We don't get nowhere
But when we get along
It's such a fine affair
Now we've got to get together
I do declare

Cooperation, harmonization
Organization
In my estimation, it's a revelation
Inspiration is the creation
Of collaboration
For your information, it's exhilaration
Innovation and transformation
Is indication that there's
Participation in cooperation

There's participation
In cooperation!

The Noise Song *by Jeff Parker, Nathan Carlson, and Buddy Miller*

Oh, the noise, the awful noise
It hurts my ears, it shakes my toys
I've come to an overwhelming conclusion
Everyone's jabbering
There's only confusion

I want to sing, I want to play
But I can't hear, I have to say
What I miss is peace and quiet
Instead outside — wow! What a riot!

chorus:
Everyone's jabbering
No one's listening
I can't take much more
Stop the noise, please stop the noise
It's all just one big roar

If I had one thing to say
No one could hear it anyway
Quiet down, everyone
Quiet down, please
Was that the phone
Or did someone sneeze?

Wait your turn before you speak
It may be a minute, it may be a week
But we'll each get a chance
To speak our mind
If we'll just be thoughtful
And caring and kind

chorus

Perhaps you look good in a tie and a jacket
But no one will care if you're making a racket
Not on earth, not on Mars
Nor the Planet of Stuckus
Have I ever heard such a terrible ruckus

chorus
chorus

Stop roaring!

Consequences

by Nathan Carlson, Jeff Parker,
and Buddy Miller

Did you think you'd get away?
Did you think you wouldn't pay?
You cannot hide, you cannot play
You know it never works that way

Your ideas may seem fine
When in fact they've crossed the line
But if your plans are all for you
Before you start, you will be through

chorus:
Consequences, consequences

They're what happens
Round the bend
Consequences, consequences
They will follow 'til the end

If you're smart you'll do what's right
And you won't put up a fight
Then your consequences
Will surely be your friend

Others saw just what you did
Your selfish actions were not hid
You thought that no one else would care
But now there's chaos everywhere

When you do a thing that's bad
You make everybody sad
But when you do the things you should
In the end it turns out good

chorus
chorus

If you're smart you'll do what's right
And you won't put up a fight
Then your consequences
Will surely be your friend

There's Just One You by J. Miller

There's no one like you
With your special smile
There's nobody else that has
Quite your style

There's only but one who's
Wearing your face
In all of the world no one
Takes your place

chorus:
There is just one you
Not twenty, not ten, not two
In all of the whole world through
God only made one you

When it comes to you
There's no duplicates
Although you may have
Your family traits
Your mother's bright eyes
Your father's physique
But all put together you are unique

chorus

The things that you say
The thoughts that you think
In most every way
You're very distinct
If one were to search
They never could find
Another like you, you're one of a kind

chorus
chorus

It's a Beautiful Day by Mike Milligan

It's a beautiful day
It's a beautiful way
That God made it
For all of us to share
Together everywhere
It's a beautiful day
It's a beautiful time to be happy
For all that God has done
For each and every one

chorus:
Just take a breath of fresh clean air
And see God's beauty everywhere
Like flowers in the month of May
And rainbows on a rainy day

It's a beautiful day
It's a time to enjoy
The warm sunshine
And sing a happy song
Each one can sing along
It's a beautiful day
And when everyone's
Singing together
The weather's always fair
God's love is everywhere

Slipping and sliding the time away
It's a beautiful, beautiful day

chorus

It's a beautiful day
It's a wonderful time
To be friendly
And wear a happy smile
Just like a crocodile
It's a beautiful day
And it's great that we
All can enjoy it
And when the day is done
Tomorrow's another one

Slipping and sliding the time away
It's a beautiful, beautiful day
Slipping and sliding the time away
It's a beautiful, beautiful day

A Little Cooperation by Mike Milligan

I'll take your hand, you take mine
Together every day will be fine
We'll leave confusion far behind
With a little cooperation

Though we may not see things
Eye to eye
I like low notes, I like high
Our music's better when we try
A little cooperation

chorus:
In the jungle, in the city
In the village, on the farm
Every country, every nation
Needs a little cooperation

To play just one piano key
Could never make a melody
But together hear their harmony
Through a little cooperation

Join together trumpets and trombones
And flutes and drums and saxophones
Form a band to play melodic tones
Through a little cooperation

chorus
chorus

A little cooperation!

All Together Like a Family by J. Miller

Everybody now clap your hands
Give the count to strike up the band
You don't have to know how it goes
Catch the beat and you can tap your toes

chorus:
So sing in harmony and join with the melody
Just like a family
With each other we were meant to be
All together like a family

Singing solo it's hard to blend
Harmonizing requires a friend
Voices, instruments here we go
The combination is quite a show

chorus

God has given us each a part
Put 'em together with all our heart
With each other we'll take our bows
Together we can bring down the house

chorus
chorus

All together like a family
